COMPLICATIONS ARE PROMISED BY PROPOSAL TO USE VOTING MACHINE

Complications in the use of the voting machine will develop, it was learned Friday, and this should be used in a special town meeting on daylight saving this month, which would be practically the eve of the city election, June 5.

The position of the day-harsh reached First Selectman Casper K. Bailey Friday morning, with 558 signatures to the following:

Whereas, the opinions of our citizens are more acutely divided than ever before on the question of using daylight saving time, as prescribed by our statute, or of using an old-fashioned daylight saving time as urged by groups of citizens, and

Whereas, the threatened adoption of so-called daylight saving time promises to work great harm in our economic life, promises to work great harm in our educational life, and promises to work great harm in our religious life, as well as promises to work great harm to the morale of our citizens generally, and

Whereas, hundreds of our citizens are hereby petitioning the Board of Selectmen of the town of Norwich to hold a special city meeting for the purpose of providing for a special voting day wherein the voters of the said town of Norwich may vote in their usual voting places in the usual manner with voting machines upon the question of using standard time throughout the town of Norwich.

Intent of Petition.

One of the town officials said that he understood the intent of the petition.

BACKUS HOSPITAL FACILITIES IMPRESS ON VISITORS' DAY

Visitors to the William W. Backus hospital on Friday, National Hospital day, had a most impressive day, and it is indelibly impressed upon their minds what an invaluable and up-to-date institution this community has to render service to the sick and suffering.

From 10 in the morning until 4 in the afternoon, the hospital was thrown open to the public and visitors were met by the receiving committee comprising Mrs. William W. Backus, Mrs. R. P. Backus, Mrs. C. R. Chamberlain, Mrs. W. H. Tingley, Mrs. E. J. Brophy, Mrs. Charles A. Saxton, Mrs. J. J. Donohue and Mrs. C. C. Clifton.

Working with the receiving committee were: Miss Leon Houghton and other members of the executive staff, a number of student nurses and the graduating class, all of whom assisted in reporting the visitors over the institution.

Beginning with the operating rooms with all its latest devices for sterilization, ether and oxygen, surgical dressings, materials and implements, visitors were given a view of the hospital in all its departments.

X-ray plants and photographs were exhibited by Don Houghton, the technician of the hospital staff.

Interesting visits were made to the nine serving kitchens, the laboratory, the X-ray room, the steam laundry, the boiler rooms, the nurses' home and in fact every department of the hospital.

Everything was made bright and cheery for the visitors as well as for the patients and the hospital itself made a most attractive appearance in its special decorating of potted plants, ferns and cut flowers, presented by friends of the institution.

Among the visitors in the morning were 21 pupils from the Plainfield High school.

The two ambulances of the hospital were on exhibition outside the building near the main entrance.

Snow of the state motor vehicle department in the remaining cases heard in the court of common pleas today at New London late Thursday afternoon, each of the six operators before the inspectors court being let off with a warning, in each instance, however, the inspector warned the men involved that re-appearance before the court on similar charges would merit summary action.

CHILDREN IN SPRINGTIME

Mrs. C. Osborn, 7812 Hillside Rd., Cleveland, O., writes: "My granddaughter was troubled with a cough for nearly two years. She took Foley's Honey and Tar and her cough is now gone. It loosened the phlegm so she could raise it easily. Foley's Honey and Tar is just what children should have for feverish colds, coughs, 'snuffles' and tight, wheezy breaths. Be sure you get it. It checks croup and whooping cough, too. Lee & Osgood Co.
